CLAY CITY, KY., THURSDAY, DECEMBER 26, 1901.

NO. 40.

To Our Delinquents.

You all are aware that we have sustained a heavy loss by fire with no insurance and no recourse but our old accounts. We sent each and every one who owed us for one year's or more subscription an appeal to pay up that we might resume business as soon as possible. At that time we had out \$350 on subscription alone, and of this amount we have collected nearly one-eighth. We know you can pay this small amount, and as you have placed us to such inconvenience we have decided to place each and every account in the hands of a publisher's collection agency that is not paid up in ten days. We very much dislike to have to do this but we have to raise some money and this seems to be our last resort. If you want to hold your reputation and credit you had better send in the small amount you owe. Send by check, money order, registered letter or two-cent stamps if the sum is less than one dollar.

Mrs. Hattie Elkin has been sick for several days.

Miss Effie King returned to her home near Winchester Thursday.

We welcome the TIMES again after an absence of some months.

Mrs. Ann Elkin and son, Walter, have returned from a visit to relatives in Bath county.

Green Spry and wife, who went to Illinois last spring, have come back to Old Kentucky.

Solomon Martin, of Powell county, and Miss Sallie Elkin, of this place, were married the 12th inst.

Charley Crow and wife, of Wade's Mill, are visiting the latter's parents, Mr. and Mrs. Berry Stone.

Moving is the order of the day just now. John Potts will move to the house recently vacated by Milton Berryman; Al DeVary will move into the house now occupied by John Potts; Henry DeVary will move into the house with his mother.

Died, at the home of his parents, Mr. and Mrs. Wm. Stone, Dec. 11, Willie, aged 15 years. During the four days of his brief illness, he suffered intensely, but God mercifully released him and his spirit took flight to that bright clime where sorrow and death cannot enter. After services by Rev. B. S. Burgher, the body was interred in the Poor graveyard.

Weep not, dear ones, he has not lived in vain,
God who gave him immortal life,
will raise him up again.

No Trouble There in Managing the Liquor Trade.

"Toronto is one of the model cities of the western hemisphere," said J. D. Dix, of Houston, Texas, who just returned from a visit to that city.

"Toronto has some of the best paved streets on the continent, but the method of conducting the business affairs of the city is what commends itself to the casual visitor. For instance, their system of controlling the saloon business is about perfect. There are about 150 saloons in Toronto, and that is the limit prescribed by city ordinance. These saloons are regularly licensed, and the only way to obtain a license is to purchase a business already established. The license itself is about \$300 per year. When I left Canada the sum of \$4,000 was offered a saloon man for his license. I don't know whether he concluded to accept it or not. The saloons are regulated in such a manner that they are the most orderly of places. They close at 11 o'clock on all nights except Saturday, when they close at 6 o'clock. This is done in order that the workingman will not spend his weekly wages for drink. When they are closed there is no back door entrance. They are shut tighter than a drum, and a man who opens his saloon stands a chance to have his license revoked. At a valuation of \$4,000 he can hardly afford to run the risk."

The Most Healthful Place.

The most healthful place in the United States to live is Marion, Iowa, according to reports received by the Marine Hospital service from 1,100 cities and towns having a population of 1,000 or over. Marion has a population of 4,162 and there were only six deaths in 1900, making a death rate of the phenomenally low figures of 1.46 per 1,000. The average of the death rate in all the cities and towns was 17.47. It appears from the compilation of the Marine Hospital service that the state having the best record for health last year was North Dakota, with a death rate of only 6.95 per 1,000 population. By far the most health-

Mt. Sterling Pastors Meet.

The pastors of the various churches of Mt. Sterling held a conference and passed resolutions declaring in favor of a movement to better regulate the liquor traffic and urged that the number of saloons be lessened by increasing the license fee, and by rigidly enforcing the law in regard to keeping orderly houses, proper hours and Sunday closing.

Take a walk through a cemetery and you will pass the last resting place of a man who blew the muzzle of a gun to see if it was loaded. A little further down the slope is a crank who tried to see how close to a moving train he could pass. In strolling about you will see the monument of the girl who tried to start a fire with kerosene, and a grass-covered knoll that covers the boy that put a cob under a mule's tail. That tall shaft over the man who blew out the gas, casts a shadow across the grave of a boy who tried to jump on a moving train. Side by side the ethereal creature who always had

her corset laced to the last notch and the intelligent idiot who rode a bicycle nine miles in ten minutes, sleep on undisturbed. At a repose is a doctor who took some of his on medicine. There, with the top of shoe box driven over his head is an old man married a young wife. Away over there reposes the boy who went fishing on Sunday and the woman who kept strychnine in the cupboard with her powders. The man who stood in front of a mowing machine to oil a sickle is quiet now, and rests beside the brakeman who fed himself to a 70-ton engine; and over in the potter's field may be seen the bleaching bones of the man who tried to whip the editor, while noly a short distance away rots another carcass which even the buzzards refuse to touch—the man who got his home paper on credit and refused to pay for it. —Ex.

CIRCUIT CLERK.

We are authorized to announce Mr. W. T. STRINGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

The statement has been made frequently that the negro race was on the decline, while as a matter of fact the figures of the decade prove that it has increased. The percentage of increase for all persons of color is 17.8, and out of that percentage the negroes may claim but a very small part. There are now more than twice as many of them in the country as there were in the days of slavery, and they constitute almost one-eighth of the total population.

ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Perfection is a word that cannot be applied to many products, but when it is used to identify Kerr's best flour, it expresses a truth.

Levi Curtis had a cow attacked with hydrophobia one day last week and had to be killed. We think it would be a wise plan for our farmers to pay less attention to the breed of canines and more to that of other and more valuable animals. You can hardly stop at any house through the country but that you find from one to a dozen worthless curs.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach which he was afraid would grow worse. He says, I was telling my troubles to a lady friend, who said: Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party. I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party. Mr. Snell is a resident of Summer Hill, N. Y. Early Friday night fire broke out in an up-stairs bed room in J. M. Kennon's residence, causing a slight damage. Early in the afternoon Mrs. Kennon went to the room and made a fire to have the room warm for the night, and when she returned, about 8 o'clock, to repair the fire, she found the room filled with smoke. Fire from an open grate had popped out onto a bed nearby. In a short time the bed was ejected from the room and the fire extinguished by the bucket brigade, which responded quickly to the alarm.

He will go to the capital with a high hat and high resolutions, but after he sees the Speaker and the Committee on Rules run through the whole concern a few times and beholds Uncle Joe Cannon get one foot into a chair and bully older members than he about appropriations his courage will gradually ooze out and he will be satisfied to be the dispenser of seeds and documents. There used to be times when there would be a good many distinguished men in the same Congress, but now there is only room for half a dozen. The Reed rules are still to prevail, and the principal business of the average Congressman will be to draw salary and mileage.—Cincinnati Enquirer.

A Good Cough Cure.

[From Gazette, Toowoomba, Astrl.]
I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months and it has effected a cure. I have great pleasure in recommending it.—W. C. Wocker. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as Mr. Wocker. This remedy is sold by Morgan McKinney.

Kerr's Perfection—it beats all.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

A few years ago the cost of firing the largest gun made was not more than a few dollars. Now it costs \$827 to fire a single shot from a 16-inch rifle, or more than enough to pay the wages of a private soldier in the regular army for five long years.

Rev Irl Hicks Not Dead.

Notwithstanding a widely current rumor that the Rev. Irl R. Hicks was dead, he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his journal, World And Works, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer, and forecaster of storms and the character of the coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drouth this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and so great are the benefits. His fine Almanac of 200 pages is only 25c and his splendid family journal is only one dollar a year including the Almanac. Send to Word and Works Pub. Co., 2201 Locust St., St. Louis, Mo.

A wedding without a church ceremony is about as satisfactory to the average girl as a new gown with no one else to look at it.

Get the Almanac that Predicted the Galveston Storm.

The Ladies' Birthday Almanac for 1902 is being distributed in our city this week. This publication achieved great prominence in September by its accurate prediction of the Galveston storm. The New York Times Sept. 13th, said: "Galveston's disastrous storm was predicted with startling accuracy by the weather prophet, Andrew Jackson DeVoe, in the Ladies' Birthday Almanac issued in Chattanooga, Tenn., last January." It is so different from the ordinary cheap patent medicine almanac, that it has become very popular, and now has a circulation of 15,000,000 copies, annually. Our readers who have not received a copy of the 1902 edition, can get it from their merchant or by sending their address to the Ladies' Birthday Almanac, Chattanooga, Tenn.

THE NEW SKIRTS.

Form-fitting skirts are evidently not a fancy of the moment but have come to stay. The upper portion fits without a wrinkle and is drawn back by elastic straps, while the flounce at the bottom flares very noticeably. The making of these form-fitting or serpentine skirts is described in detail in the January DELINEATOR by Mrs. A. L. Gorman, a number of illustrations being given of the different steps in the work.

The people who have the most conscientious scruples against games of chance are usually the ones who have had bad luck.

MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

145 Market Street,
Memphis, Tenn., April 14, 1901.
In February, 1901, I took one bottle of Wine of Cardui and one package of Theodor's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again.
